Personal Finance

When working in finance you may be required to advise customers on appropriate financial products.

Current Accounts

A current account is an account with a bank or building society that is designed for frequent use. Money can be paid in and withdrawn daily without the need to give notice.

Using <u>www.moneysupermarket.co.uk</u> research an appropriate current account for your Parent/carer and complete the table below to demonstrate your research.

Account Name	Interest paid on positive balances	Overdraft facility	Charges on unauthorised overdraft	Conditions to open this account	Rewards / Other

Explain which a	ccount you think	k is most approp	riate for your pa	arent/ carer and	why.

Financial Institutions

Financial Institutions are organisations that offer financial services to individuals and businesses. These services include the ability to deposit or withdraw money, obtain credit and make investments, as well as offering advice on matters of personal and business finance.

Statement of Comprehensive Income

A statement of comprehensive income (profit and loss account), if produced correctly, will give an accurate calculation showing how much profit **OR** loss the business has made. It records sales, costs and profit over a period of time (normally a year).

Use the following formulas to calculate the gross and net profit for this business.

Gross profit = Sales revenue – cost of goods sold Net profit = Gross profit – Expenses

	£000s	£000s
Sales		411,529
Less cost of goods sold		
Purchases	128,129	
Gross Profit		£
Less Expenses		
Rent and rates		37,554
Wages and salaries		96,221
Telephone and Postage		1,359
Distribution		31,593
Advertising		15,579
Miscellaneous expenses		28,452
Depreciation		17,848
Total Expenses		228,606
Net Profit before Tax		£

Making financial business decisions

Silva's current premises are too small. Ruksana has found a new property that meets the business's needs. She has two options for acquiring the property.

Option 1

Renting the property on a five-year lease. The rent is fixed at a cost of £1 000 per month.

Option 2

Buying the property on a 20 year variable rate mortgage. At current interest rates this will cost £1 800 per month.

14 Evaluate whether *Silva* should lease the property (Option 1) or buy the property (Option 2).

(12)

Ruksana runs a flower shop called Silva. Use the structure below to help you to answer the question above to achieve maximum points in this exam question.
